My sweetheart

My sweetheart
Tell me why
You didn't cry

Darkness falls
And you are alone
You didn't cry for help
I didn't hear your scream

Tell me why
You didn't cry
Our memories are lost
The dark fell down
And we, we are alone

No help, no hope
Love can't hold us no more
It's gone forever in the dark
We're together and alone

Our wings are broken
Love is no more
Our hearts are broken
I see they're bleeding

What do you think was our mistake
In our dreams we stay
We're together
Forever

Then the shadows came
But we were blind
Something was broken and lost
Everybody was blind

My sweetheart
Tell me why
You didn't cry

We're lost in the dark
Our love is stolen

Stolen by time
Stolen by missing tenderness
Stolen by so many lonely days
Stolen by self- deception

My sweetheart
Tell me why you didn't cry
You're my love
My bloody sweetheart
My white wings which brings us to the bright light
Wherever you are wherever I am
I love you
