

Gedichte aller Art

Von PsychoManiac

Changes

Is somewhere out there light?
Or am I caged in Darkness?
Is there somebody who can help me?
Someone who can deliver me from this pain?
I thought I was dying, always crying...

But one day, you came into my life.
Someone who helped me to handle this pain.
A person bringing light into the dark.
It was you who protected me from myself.
Now I am living, always smiling...
