### Kapitel 8: lost kingdom

#### Lost kingdom

Armies have conquers  
many people were hurt  
no end is coming  
no sound

lost kingdom  
nothing to someone  
lost kingdom  
nothing to lose

nothing on this street  
the street to the lost kingdom  
the kingdom of everything  
the kingdom of darkness

nobody see this  
nobody hear this  
nobody was here  
nobody leave

lost kingdom  
nothing to someone  
lost kingdom  
nothing to lose

everybody go to  
everybody in this  
everybody now  
but nobody see

lost kingdom  
nothing to someone

lost kingdom  
nothing to lose

the Map of the world  
see them  
the map of the world  
hear them

the lost kingdom is coming  
the lost kingdom the fear  
the lost kingdom it calls you  
but nobody want to hear the message

see it  
hear it  
now it  
say it
